

## ST RICHARD REYNOLDS CATHOLIC COLLEGE

### PE Department

Come and join our PE department.

We seek to appoint a successful teacher who is ready to grow and develop with our new Catholic College in Twickenham. You will be joining a department made up of 3 keen and enthusiastic teachers at varying levels of experience from those beginning their career through to 15+ years of experience. The department has a strong team ethos, with staff fully involved in developing policy and taking responsibility for various areas of the PE curriculum and the running of the department. There will be lots of opportunities to take on additional responsibilities either in the department or across the school supporting our pastoral services.

We are presently teaching up to GCSE and will be completing our first year of exams this summer. We are in the process of developing our A-level resources and are very excited at the prospect of many of our students and students from other schools joining us to complete their higher education. This will provide a suitable candidate with the opportunity to use their experience to stamp a mark on developing our A-level schemes of work and supporting us with our first intake.

The department facilities include a trampoline hall, a small gymnasium, outdoor basketball & netball courts, a dance studio and we await the completion of a brand new sports hall due in 2018, early 2019. Our curriculum teaching is supported through the hire of local facilities at St. Mary's University and our other council facilities.

At present we are following the AQA exam board for GCSE and will look to build on this next year with AQA A-level. Successful candidates will also have the chance to teach our primary school pupils. We are actively involved in the delivery of the early years and key stage 1-2 curriculum and would welcome applications from those who are interested in the involvement of our primary school.

Ideally we will be looking for a candidate with Dance, Gymnastics or Athletics experience and expertise but are open to all specialisms. We are looking for a keen and enthusiastic candidate who will bring energy to our experienced team, contribute to both the department and more widely across the school and be fully engrossed in our school community.
